Policy & Procedure: Serious Occurrence

Date Policy and Procedures Established: September 1, 2025

Date Policy and Procedures Updated: -

Purpose

The purpose of this policy and the procedures within is to provide clear instructions for staff, students and volunteers to follow for how to identify, respond to and report a serious occurrence. It ensures that there is a plan to deal with any serious incidents that may affect the health, safety and well-being of children and those working directly with children, and that these serious incidents are reported, tracked and followed upon.

This policy requires that an annual review be conducted of serious occurrences that took place over the last calendar year for an opportunity to reflect on the incidents that took place and consider approaches that will be implemented to minimize the chance that the incidents will occur again in the future.

This policy is intended to fulfill the obligations set out under Ontario Regulation 137/15 for policies and procedures with respect to serious occurrences for childcare centres.

Note: definitions for terms used throughout this policy are provided in a Glossary at the end of the document.

Reporting a Serious Occurrence

- Staff will notify the licensee, supervisor or designate of a serious occurrence as soon as they become aware of the incident.

- Identifying information such as children or staff names will not be included in the serious occurrence reports.
- If CCLS cannot be accessed (for example, where CCLS or an internet connection is unavailable), the licensee, supervisor or designate will notify the program advisor (PA) assigned to the licence by email or by telephone within 24 hours of becoming aware of the occurrence. A serious occurrence report will be submitted in CCLS as soon as the system can be accessed.
- Where a Ministry of Education PA cannot be reached by telephone, a voicemail message will be left to notify the PA of the incident.
- All updates to serious occurrences will be reported in CCLS through update reports until the serious occurrence has been closed by the Ministry of Education.
- Where the Ministry of Education requests updates to a serious occurrence in CCLS, these will be provided as soon as possible through update reports.
- Serious occurrences reported to the Ministry of Education will be documented in the daily written record.

Posting a Serious Occurrence Summary (Notification Form)

- Within 24 hours of becoming aware of a serious occurrence, the director will complete a Serious Occurrence Notification Form in either CCLS or using the form available in Appendix B.
- The form will provide a summary of the serious occurrence and of any action taken by the child care centre.
- The summary will not include identifying information (for example, names and ages of children, staff, or program rooms) and will contain gender-neutral language (for example, they, a child and more).
